- Best year for least costume mishaps
- Great scores and positive attitude to improving dances
- Let's make the recital even better

TDV 2009 – next steps to 2010

- Don't forget your 2009 dances – we may have an opportunity to showcase some dances in October 2009
- All groups were posted May 11th. Some students appear in 2 small groups. Most beneficial to take both
- Large group jazz and tap required for the jazz and tap stream as noted on the grouping list.
- Same as last season, jazz is a requirement to participate in lyrical
- No exceptions to barre and technique classes for 2009/2010 season. Please do not approach staff for an exemption to the classes as it will not be approved.

TDV 2009 – next steps to 2010

- Competitions will be posted in November 2009. Any dates that families may have conflicts with for the March to May 2010 season must be provided to the front desk no later than Oct 15th 2009. Any conflicts after this date may not be accommodated.
- Competitions are targeted to start in March for 2010 competitive season. We have a big push in September to work hard and jump right back into dance.
- Uniforms must be worn to all classes
- Full track suits must be worn to all events where TDV is performing.

TDV 2009 – Solos/duets/trios

- We will post a listing in August 2009 with our recommendations for solos/duets and trios on the website.
- Program for solos/duets and trios is being amended.
 - The coaches will have certain times they are available to teach students and will be posted in August 2009.
 - The fee will be a CHOREOGRAPHY FEE instead of a per class fee. This will make it more feasible to get choreography done quickly and then combine students to get the maximum benefit of performing in front of others and for cleaning choreography.
 - The number of classes will not be set and will be at the discretion of THE COACH. We are always very fair with our time.
 - The choreography fees are as follows: \$483.00/solo, \$588.00/duet and \$735.00/trio (all including tax).
